Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

1) The institution follows the curriculum prescribed by affiliating university, Sant Gadge Baba Amravati University (SGBAU). The semester planning is done in advance, at the end of previous term through the departmental meeting by floating the curriculum to the faculty. The choice of 3 to 5 subjects is taken from every faculty. The subject allocation is done on the basis of the priority

of the faculty from the choice given, area of specialization, qualification, number of times the subject taught and experience. The students are also informed in advance about curriculum and academic calendar. 2) Accordingly departments allocate the faculty for teaching the electives. Regular feedback is taken by the Head of Department for all the subjects at regular intervals in online mode and suggestions for corrections, if any will be informed to the faculty. The academic calendar is prepared by Academic Monitoring Committee (AMC) on the basis of academic calendar circulated by SGBAU. Class tests, mock online tests, STP activities and remedial lectures are also included in academic calendar. The individual faculty and class time tables are prepared by the department time table coordinator with the approval of HOD and Principal. 3) department academic calendar. Every faculty prepares a detailed course file which includes teaching plan, class notes, question banks, previous question papers of SGBAU, study material beyond curriculum, PPTs. The academic calendar of the institute is strictly followed by every faculty. The Academic Monitoring Committee (AMC) which work and act as IQAC committee of the institute monitors regularity in the conduction of lectures, progressive syllabus coverage, students' academic progress and their grievances. The feedback of the committee is conveyed to HOD for corrective measures. In the process of monitoring the attendance of the student, faculty maintains a daily attendance sheet of theory/practical in hard copy. Weekly attendance is collected by the Guardian Teachers (Mentor) of the respective batch. 4) Regular absent students are identified by the mentors and the same is informed to the parents through telephonic conversation, email, SMS alert or if required by post. The academic progress of student is also monitored by Class In-charge by keeping a record of class tests, mock online tests, Semester University examinations, performance in practical and conveyed to all the students as well as their parents. The corrective measures such as remedial lectures, giving assignments of theory and practical, personal counselling are taken for academically weak students. The planning for student project and seminar work is done at the beginning of every semester where the students as per their specific areas of core subject interest are allocated to guides who are specialized in those areas. In addition to in-house projects, students are also encouraged to take up projects in collaboration with industries. Furthermore, if there are on-going research projects sanctioned by various organizations, the students are encouraged to pursue research as part of their projects.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained
<p>Student feedback of every faculty is taken in the mid of every semester. The department head assesses the feedback and conveys it to respective faculty for corrective measures if any. The academic monitoring committee of the department counsels the faculty concerned and reports the action taken to Principal. The feedback outcomes are utilized for inculcating excellence in the way of working. The analysis of feedback is discussed with Industry, Alumni, and Exit Students who give inputs to bridge the gap as per the industry's expectations. The quality of the programme is enhanced by organizing and conducting various Value Added Programmes, Student Training Programmes, and Guest Lectures from resource person from industry and academics. The Institute takes care of such category of students through the following ways 1) Economically weak students are taken care through Relaxation in fee payment through installments, Concession in fees by management The concession in fees by various agencies such as AICTE, State Government etc. are given. These schemes are Scholarship/Freeship, SC/ST, OBC, NT, VJ, EBC, SBC, Tuition Fee Waiver Scheme (TFWS), Minority State Govt., and Minority State Central Govt. 2) Slow learner and academically weak students : a) Additional classes b) Counselling through Guardian Teacher (Mentor) c) Practical extra practices d) Provision of learning material e.g. videos, PPT, animations, etc. 3) Analysis of the performance of the students to be done based on a) Attendance, Test Results b) Continuous Evaluation throughout semester</p>

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Teaching faculty in general provide constant support and guidance in day to day activities. The class/ward counsellors periodically counsel their class students individually to install confidence in them. The class counsellors convey the difficulties of their ward students to the head of the department for taking remedial measures. Parents, if needed, are also involved in the counselling process when a student does not show interest in studies. If a student does not show any improvement even after repeated counselling by the ward counsellor, then counselling and motivation is given by the head of the department and the head of the institution along with the class counsellor. If needed, emotional counselling is also provided through professional counsellors. Additional remedial coaching is given after the regular working hours and during holidays. Rarely, the behavior of some students deviates from the normal behavior due to their personal or psychosocial reasons.

For such students, emotional counselling is provided through professional counsellors. Special scholarship/free ship is also provided for the deserving students. Students are grouped comprising of advanced learners, average learners and slow learners. They are facilitated to learn through discussions. Such a group study helps the slow learners to a great extent. Extensive use of NPTEL and other open source course materials available in the web. Case studies are given to the students for better application and analysis of the concepts.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

? Time schedule for each course is allotted by framing time table. ? All test schedules are prepared and communicated to the students. ? Faculty is required to maintain a "Course File" which consists of attendance marked for each lecture/ practical/project work periods, lesson plan, teaching plan, summary of syllabus coverage, the portions covered during each period, internal assessment marks and class test marks are periodically monitored by the Principal and Head of the Department. ? Record of Attendance of the students and internal assessment test marks are maintained by class in- charge and cumulative week wise and month wise record is maintained by Head of Department. ? Attendance and the performance in internal assessment tests are intimated to parents through letters. ? Remedial classes are conducted to the students who feel difficulty in learning. Separate log books are maintained and the classes are

supervised by the Head of the Department and the Principal. ? Contact hours are used for students to have interaction with faculty members. ? Students are encouraged to take up their projects which meet the needs of industries. To make them aware of the needs of industries, the institution provides all types of standard journals which would give them ideas to do projects. ? The implementation of the evaluation reforms of the Institution, course files and log files are maintained for each course and the same is audited by the Principal periodically

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institute academic calendar is prepared for each semester with the involvement of Heads of the Department. The institute being affiliated to the SGBAU, it does not have the option of formulating its own curriculum. But the institute, for the overall development of students strives for quality enhancement through rigorous academic discipline. Various personality development and orientation programs like those listed below are organized to fulfil the gap if any for achieving the institution goals and objectives. ? Guest lectures delivered by experts from industry and academic circles. ? Inclusion of content beyond syllabus during regular lectures and practicals. ? Various workshops and seminars. ? Remedial classes for weaker students. ? Mini projects. ? Tutorials and Assignments given to the students. ? Various activities under different clubs of student association. ? Students Training Program to improve soft skills. ? Various value added programmes for enhanced employability.
